

WORKSHOP 3: STUDENT SHEET 1

Investigating Secondary Mineralisation

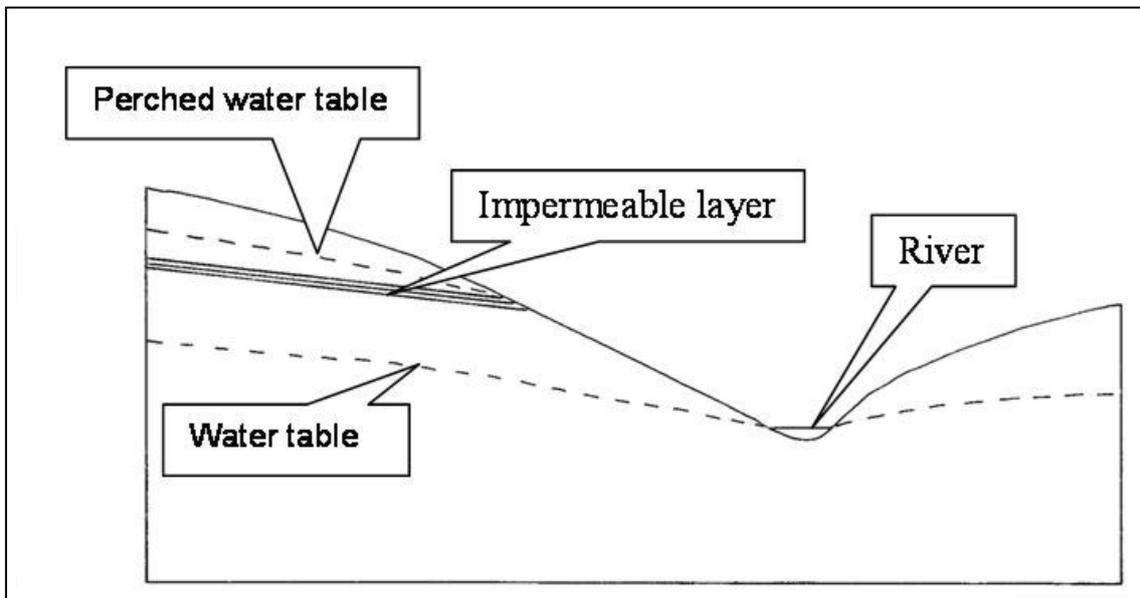

Fig 3.1 Diagrammatic section of the water table

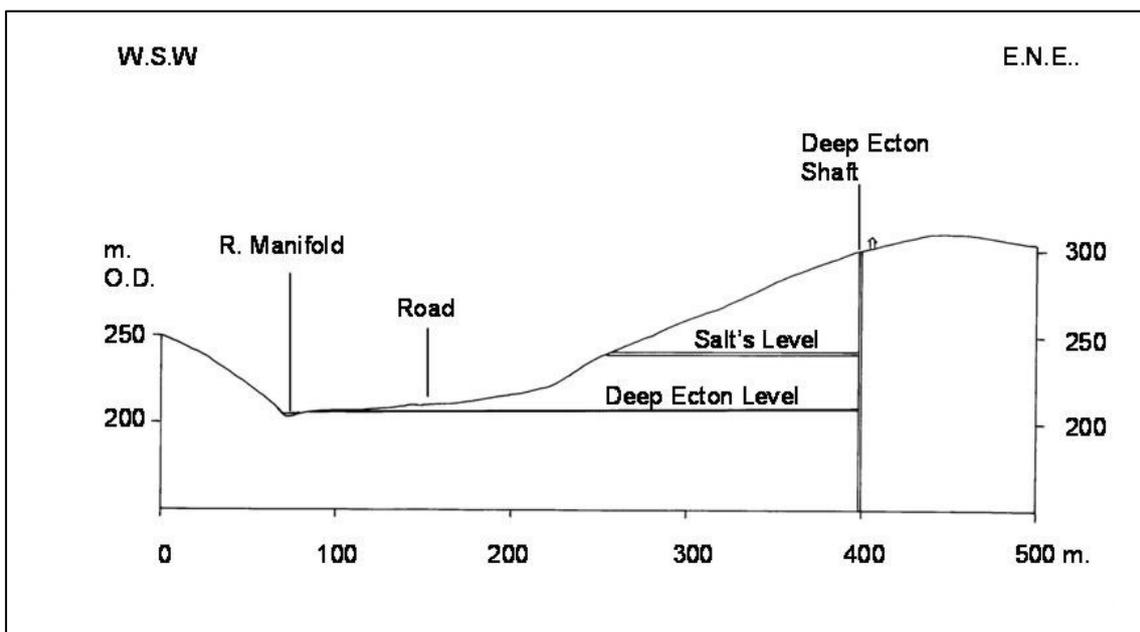

Fig 3.3 Section of Ecton Hill through Salt's Level (natural scale)

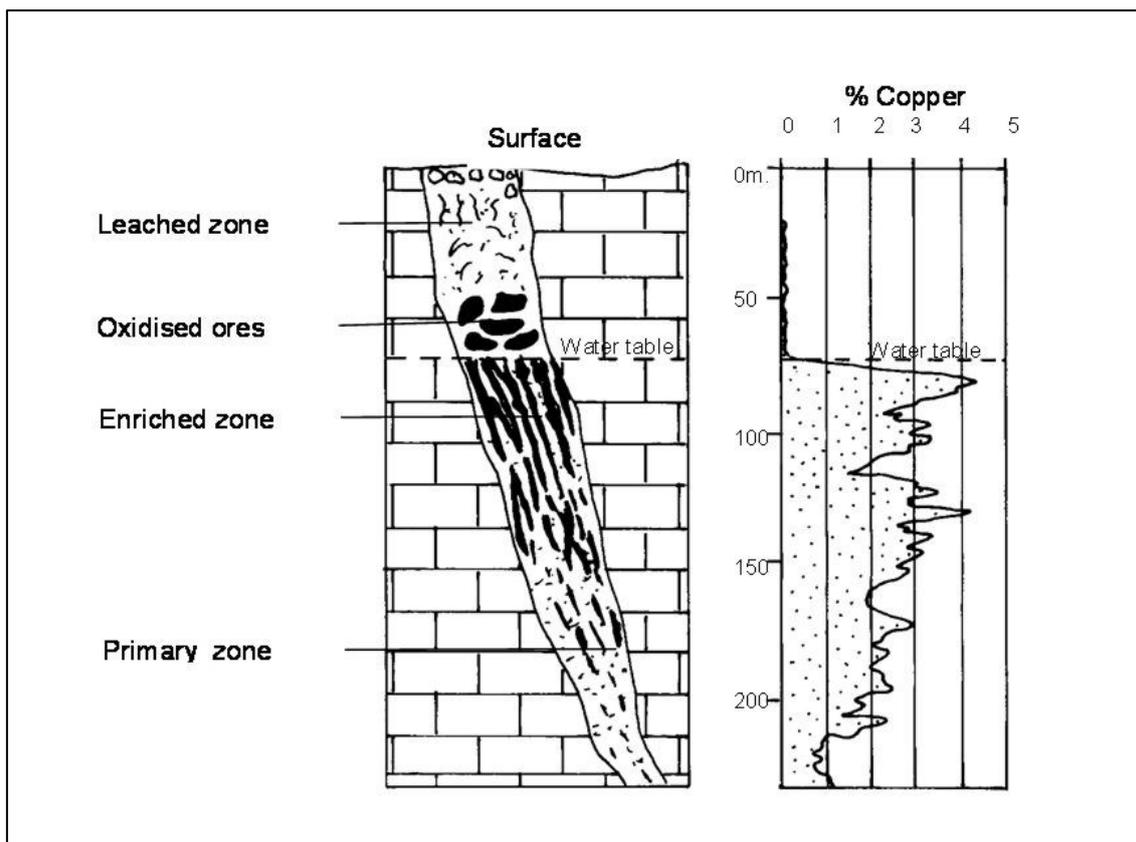

Fig 3.4 A generalised section through a copper-bearing ore body.
The graph shows the variation of copper content with depth, from an ore body in Arizona.
(After O.U. S266 Block 3, Mineral Deposits, 1979, Figure 34)
